Office and Home.
An office is a place where women do what men want done. A home is a place where men do what women want done—Lila.

Rids Plants of Insects.
A good way to get rid of insects in the earth of a potted plant is to pour over it a glass of water to which a pinch of mustard has been added.

Estray Notice.

State of Utah,
County of Cache,
In Providence precinct of said county, I have in my possession the following described animals which if not claimed and taken away will be sold at public auction to the highest cash bidder at John Kendrick's in Providence precinct on December 24, at 12 o'clock noon: One bay horse, with star in forehead, two white hind feet, blotched brand on right thigh, about nine years old; one black calf, no marks or brands visible. Said estrays were taken up by me in said precinct on the 11th day of December, 1915.

Complete Letter Writer.

The experienced letter opener can detect the imitation personal letter at the first glance at the printed type-writing; to forestall the usual fate of such a letter a Philadelphia firm frankly begins its imitation letter thus: "This is not a typewritten letter, but far better, because it has taken years of experience of expensive talent to write the information it contains, impossible in any letter dictated in the spur of the moment."
